

STOLMAX

FURNITURE

DESIGNED TO ELEVATE
EVERYDAY LIVING

COLLECTION 2026

TIMELESS DESIGN. CRAFTED FOR LIFE.

For years, we have been creating furniture that combines timeless design, exceptional craftsmanship, and everyday comfort. At Stolmax, we believe that beautifully designed interiors begin with furniture that not only enhances a space aesthetically but also adapts seamlessly to the way people live today.

We specialize in premium upholstered furniture, including sofas, modular seating systems, corner sofas, and beds, all crafted with meticulous attention to detail. By combining traditional craftsmanship with modern manufacturing technologies and carefully selected materials, we create products that offer outstanding durability, exceptional comfort, and lasting quality.

Our modular collections provide almost limitless configuration possibilities, allowing every piece to be tailored to individual lifestyles and interior spaces. From compact sofas and versatile corner configurations to expansive seating arrangements, each design is created to bring people together and make everyday living more comfortable.

Beds are an equally important part of our collection. Designed to balance refined aesthetics with superior comfort, they create a welcoming space for rest while adding a sophisticated, timeless character to every bedroom.

At Stolmax, every collection is created with one goal in mind: to design furniture that inspires, delivers lasting comfort, and becomes a natural part of everyday life. We create pieces that remain beautiful, functional, and relevant for years to come.
